

Shaping the future of our Parish

## **Adding detail to our Neighbourhood Plan**

The Parish Council has set up a Working Party to produce:

### **A PARISH DESIGN STATEMENT**

This is a planning document containing guidance for use by Horsham District Council and Nuthurst Parish Council when considering planning applications in the Parish

It will supplement the Parish's Neighbourhood Plan by providing more detailed guidance about:

*House design, building materials, boundary markers etc*

It will be based on what you told us in various questionnaires and consultations on the Neighbourhood Plan

**The aim of the Parish Design Statement is to ensure that any new developments and extensions/alterations to existing properties fit in with the rural character of our settlements and protect them from creeping urbanisation**

When the draft document is complete, as with the Neighbourhood Plan, there will be consultation with all residents in the Parish.

You can follow progress on line at:
